

ReadyVIZ Stow-Away ANSI Vest

ReadyVIZ™

Immediate ANSI-certified high-visibility protection at any time.

ReadyVIZ™ allows you to meet several safety standards at the same time, while providing the peace of mind and convenience of having a high-visibility vest built into your team's jackets.

Ricochet's ReadyVIZ™ vest secures comfortably in a specially designed storage pocket on the lower back of select Ricochet jackets.

The vest deploys quickly and easily, delivering immediate protection certified to ANSI/ISEA

107-2004-Class 2 and ANSI/ISEA 207-2006-Class 2. The vest is designed with 5 breakaway points for added wearer safety.

ReadyVIZ™ combines with Ricochet's high-quality NFPA-1999 certified jackets to provide an unbeatable combination of safety and comfort. It can also be removed and worn separately from the jacket.

Please contact a Ricochet representative for complete information.

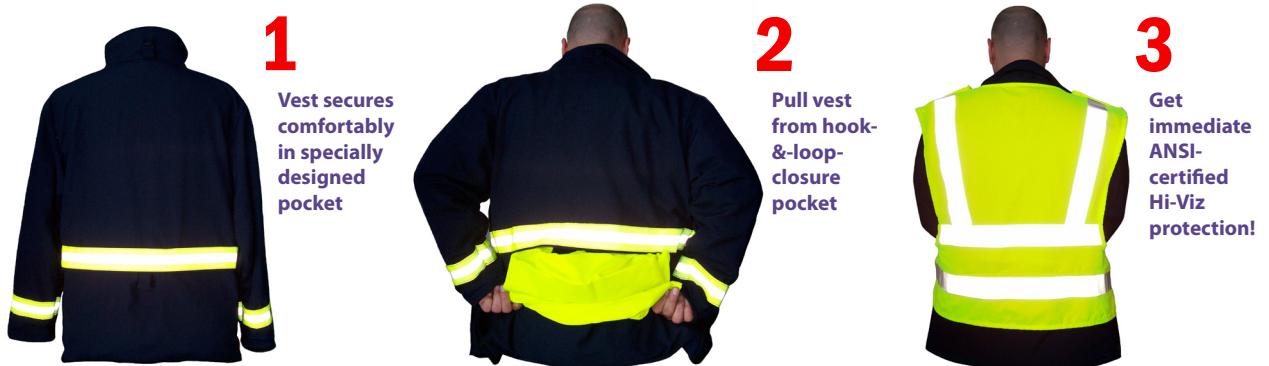

Proudly made in the USA

ReadyVIZ™ Vest Features

ReadyVIZ™ integrated into an NFPA-1999 certified Ricochet jacket

- ANSI-compliant, high-visibility lime yellow fabric (4.3 oz. microdenier twill)
- Can be integrated into Ricochet's NFPA-1999 certified NOMEX® or polyester jackets
- Vest secures in pocket built into lower back of jacket for maximum comfort
- Pull tab in pocket for easy deployment
- Five hook & loop tab breakaway points on shoulders, sides of jacket and front
- Hook & loop front closure and attachment fastener
- 2-inch-wide 3M™ SCOTCHLITE™ reflective material certified to ANSI 107 and 207
- Retro-reflective trim heat sealed and bonded to the vest fabric
- Retro-reflective continuous trim around body at chest and waist, and vertically on the front chest
