

**WEAR SOMETHING SAFER™**

## **RICOCHET UNISEX LEVEL 1 GOWN**

Ricochet's Unisex Level 1 Gown was fabricated using Milliken's Perimeter 707408 medical textile and designed to be a universal fit through the use of elastic wrists and an adjustable tie back.

The raglan sleeves of this basic care gown provide flexibility and range of motion; polyester knit cuffs keep the garment in place on the wrist; ties at the neck, back, and sides allow for easy adjustment.

*Ricochet will donate \$1.00 from the sale of each gown to the National Fallen Firefighters Foundation.*

*Milliken*

- Milliken® Perimeter 7907408 Level 1 Medical Textile meets the ANSI/AMMI PB70 Standard.
- Reusable – Designed for MINIMAL Risk situations  
*This is not an Isolation or Surgical Gown.*
- Provides a slight barrier to small amounts of fluid penetration.
- Milliken barrier fabrics can be laundered, sanitized and reused through a minimum of 25 industrial or home launderings without degradation to the fluid resistant finish.
- The per use cost makes it as affordable as its Level 1 disposable counterparts and the reusability helps reduce the potential of running out of PPE.

*\* These gowns are not rated for Isolation or Surgery.
